## Campus Crew Is Versatile

By Mary Frances Callaham

A terrific crash outside the printshop window says that the campus crew is collecting trash again. That, so far as many here are concerned, is the chief end of the campus crew.

However, a look in the basement of Spidel and its surrounding area tells us that this is not true. There the boys maintain and repair most of the equipment on the campus, such as trucks, cars and farm implements.

To show that their abilities aren't limited to a trash can, truck, monkey wrench and screw driver, last year the campus crew constructed the addition to Spidel shop building. This addition houses the hydraulic hoist, which takes the place of a stationary one that was formerly located just below the building. They also constructed the addition to Hilltop.

Every so often Warren Wilson College orders a shipment of coal. When the coal arrives, the trucks, with members of the campus crew on board, take off to wherever the coal is and bring it to the coal chutes by the laundry for later use in the boiler room. Then the campus crew, with the help of the boiler room crew, shovel the coal into the chutes. Hard work? The campus crew suggests that anyone who is skeptical take a turn on one of the coal shovels.

### New Class Schedule

Schedule changes Monday morning. Group II and College classes will report for work Monday morning and Group I will go to class.

## Special Services Are Postponed

Due to Dr. Ferry's illness, Religious Emphasis week has been postponed until next week. Sunday morning Mr. Deihl will continue his sermon series for this term on Mark. The title for his sermon is "Jesus the Healer."

The choir will sing "Now Thank We All Our God" by Mueller. Stevenette Gentry, Beulah Phillips, Don Castle, and Paul Willis have been chosen to usher. Evelyn Ballard will read the Scripture and Lester Centers is to lead the responsive reading. Miss Ellsworth, Don Zumstein, Evelyn Matlock and Ben Sumner are the decorators for Sunday.

### Dr. Colbard to Speak

Dr. Dean Colbard, who is the head of the department of animal husbandry at N. C. State and who formerly was the manager of the state test farm at Swannanoa, will speak in chapel Tuesday.

### S. S. Teachers to Meet

The Sunday School teachers will meet in the chapel Thursday at noon. The teachers for this term and those of last term as well are urged to come.

## Change Made In Curriculum

### Science Requirement In College Reduced

Beginning with the freshman class of 1949-50 the science requirement in the academic core will be changed. Only one science will be required for graduation. This is to be a three-term course of chemistry, botany or physics given in the freshman year.

University preparatory students probably will be expected to take two sciences. Some vocational department may specify which science or sciences may be required as a correlated course of study to meet the vocational requirement for graduation in that department.

A course in botany will be given next term to freshmen who may not wish to continue taking chemistry or physics.

This action was taken by the faculty Monday upon the recommendation of the science department.

### Sends Message to Truman

Bill McMurray, '45, brother of Dan, who is an amateur radio operator at N. C. State College, had the honor of transmitting Governor Scott's greetings to President Truman on his inauguration.

The message said: "Please accept my warmest congratulations. The people of North Carolina send you best wishes for a successful and progressive administration."

## How Good an Old Lady Are You?

If you answer no more than one of these questions negatively you are the ideal roommate. If you answer three or more of these negatively you need to reform.

1. Do you always hang your clothes up?
2. Do you share equally with your roommate in keeping the room tidy?
3. Are you quiet when your old lady wants to study?
4. Do you wear your old lady's clothes and return them in good condition?
5. Are you willing to lend money or something that is needed?
6. Do you ever try to help and understand your old lady?
7. Do you ever let your old lady listen to the radio programs he wants to hear or have a say so in how far the window should be raised?
8. Are you always sick when you say you are?
9. Do you ever let your roommate make a decision or do you always decide things for him?
10. Are you always clean about your person and clothes?

An epistle is the wife of an apostle.

## Mrs. Lorentz Is Speaker On Missions at Vespers

Mrs. Lorentz will speak on the outreach program of the church at the vesper services Sunday evening. This term the vesper services are dealing with the mission programs of the Presbyterian Church and are being planned by a special committee chosen from women in the missionary society. Miss Schock, Miss Guinn and Miss Jones make up that committee.

## Swannanoa Planning Group Will Meet

The Swannanoa Building Committee, which is in charge of drawing the plans for the Swannanoa Community Building and supervising the plans for raising the funds for this building, will meet at the home of Dr. Bannerman, chairman of the committee, Tuesday evening.

## Orchids to . . .

Rue Waldrop for being a good sport about basketball.

Mrs. Stuck who is recovering from a recent illness.

Mr. Vining for faithfully showing the Saturday night movies.

The girls' basketball team for winning over Swannanoa and both boys' teams for beating the teams from Asheville School.

Mrs. Abrams and her students for a good recital last week.

## Campus Visitors

Miss Carson was visited recently by Miss Elizabeth Wright, who has been a missionary in Peiping, China since 1919. She was forced to leave her work because of Communist activities and pressure. Miss Wright's home is in Bridgeport, Connecticut.

Glenn Thomas, '44, brother of Jean, and Joe King, '45, from Asheville Biltmore College, visited Jean on campus Friday night.

Betty Sprinkle, ex'49, came Saturday night and attended church here Sunday. Betty is now a student of Grace High School.

Mrs. Long, from Marshall, was on campus Sunday visiting her daughter, Martha Ann.

Linda Sutton and her father were with Ben Sumner at the ball game last Friday night.

Betty Taylor, ex'48, came out here from Asheville Sunday night.

Bill Cloud, ex'48, was on campus Sunday. Bill is now working for Sears-Roebuck.

Miss Myrtle Johnston, who was housemother at Dorland-Bell House, and her cousin were here for chapel Tuesday.

## What—Another Poll?

Questions for the  
Kidney Report

By Zeb Williams

These are questions from one chapter for our book **The Williams and Scott Report**.

1. How do you feel toward Saturday and Sunday suppers?
2. Do you feel odd when you first glance at the conglomeration?
3. Do you have odd feelings while eating these meals?
4. Do you have ulcers?
5. Does fruit salad intoxicate you?
6. Do the odd combinations have a fatal effect upon you?
7. Has it ever been necessary to have your stomach pumped after eating a Saturday or Sunday supper?
8. At what hour after supper does hunger strike you hardest?
9. What do you feel like doing at 9:30 p.m.? What do you feel like doing at 9:31 p.m.?
10. What is your general opinion of food, eating, hunger, starvation and Saturday and Sunday suppers?

Each of the questions is answered separately here by G.E.S.

1. Nauseated
2. Definitely
3. Yes, has strange stomach tremors, easier eating with eyes closed.
4. Believe it or not, No!
5. Yes, from that which has been

kept over from 1934.

6. According to Chemistry the sour milk counteracts the solid food, so I am still alive.
7. No pump is strong enough to do any good.
8. 5-10 minutes, depends upon the meal.
9. 'Oz!q\*""fb !!!-(&fb @;!'),,,!!
10. @!!\*""((??:,,,fb ;!;:!.!?!?!?!)

The following are general answers:

R.L.C.: I get overstuffed at noon, and am not prepared for the usual pork'n beans, kidney beans, string beans, navy beans, pinto beans or the usual beans on Sunday.

I.R.D. We first got onto the fact that fruit salad, better known as apple kraut, was intoxicating from the evidence reported by a teacher. It seems several years ago he walked to Swannie at 10:30 just to get some food and coming back something struck him and he was forced to crawl from Dr. Bannerman's home to the dormitory. It was traced back to a large serving of fruit salad.

## Campus Crew

(Continued from Page 1)

most radical individualist in the mechanics division is one who can or cannot be considered a member of the campus crew—it all depends on what time of day or night it is. We mean, of course, the nightwatchman. This position changes hands rather frequently for some strange reason.

Aside from the more specialized tasks, the boys from the basement of Spidel journey ever so often to other houses to perform the arduous task of putting in window panes. This is only done in Sunderland, you understand, if the culprit who broke the pane in the first place cannot be found.

From the most menial task to the biggest repair job in sight, the campus crew is ably equipped to do the job and do it well, and they usually do.

# Reserves Show Up Well as Teams Play Fast Games

Rounding out another week of hard basketball, the boys' teams won two and lost two while the girls lost one and won one.

Last Friday night, our boys lost to Clyde by a score of 22-17. The next day, the Aggies (first and second strings) took two

games from the Asheville School cagers by the scores of 31-26 and 43-29. In the first game (second string game), Wheeler was high scorer, accounting for 16 points, Sells making 8, Vinton 2, Neeley 4, Miller and Sumner one apiece. In the second game Howell was high scorer with 15 points to his credit. Taylor scored 9, Zumstein 5, Stamey 4, Laursen 6, Ward 4 and McKinney went down scoreless for the short period he was in the game.

Saturday's game proved that Coach DeVries has a reliable bunch of substitutes on hand that could be of great value to the team before the end of the season and next year. In the first game Saturday, Hanson was high scorer for Asheville School, scoring 7 points in their hard-fought game that resulted in a win for the Aggies. The other end of the double header began with Laursen's long shot. The Aggies showed power and excellency of teamwork throughout the game.

The girls' team, coming back with an easy win over Swannanoa High to make up for a stinging loss of last Friday night, looked plenty nice. The girls held a commanding lead throughout the game and won easily. The lineup—Forwards: Rhea, Drinnon and Buchanan; Guards: Shelton, Rice and Brigman. Coach Wheeler used a number of subs and at one time sent in a new team, taking out the varsity.

## YOUTH GROUP RALLY TO BE HELD HERE

Swannanoa-Oteen Christian Youth Fellowship churches will hold their meeting here January 24, at 7:30 p.m.

The opening worship is to be led by the Baptist youth group. Mr. Laursen's tumbling teams will perform at the recreation period.

The fellowship commission of the Christian Fellowship Cabinet chooses the young people each month to attend these meetings. The following have been invited to be present at this month's meeting. Betty Lindsay, Bill Taylor, Carolyn Osborne, Iva Ruth Williams, Ruth Close, Neil Grooms, Sylvia Jaynes, Mae Compton, Ed Dillard, Barbara Rhea, Bill Shadden, Leach Shelton, Richard McKinney, Jack Krause, Jack Freeman, Bob Reynolds, Ralph Robinson, Doris Hargrave, Betty Jo Norwood, and Orlene Davis.

## New College Students

Two new students have been admitted to the college division. They are Abelard Roque from Cardenas, Cuba who has recently been enrolled at Presbyterian Junior College in Maxton, and Emory Lee Dillard from Sylva.
